UNLOADING: The expense involved in unloading exhibition material is being borne by the management. Union personnel employed by the NYMTA will unload exhibition vehicles, at no cost to the exhibitor of any kind.

TRUCKING IN & OUT: Trucks arriving on time according to the pre-arranged schedule for all exhibit hall deliveries will line up at the truck ramp and will gain access in rotation as quickly as possible. Decisions on traffic control and entry will rest with the boat show staff. After lining up at ramp, obtain an entrance pass at trailer.

INSTALLATION: After vehicles have been unloaded, exhibitors may proceed immediately to install their exhibit. Each exhibit space will be clearly outlined with chalked floor markings. Stay within your space and coordinate with your neighbors. Trade exhibits will be provided with back and side curtains as required.

CARRYING IN: Many exhibitors require very little in the way of exhibit materials and can hand carry their entire exhibit without trucks or dollies with very few trips. This is perfectly agreeable to show management. Exhibit material maybe hand carried directly through the main entrance and downstairs to the lower lobby and exhibit area. Do not **ABUSE** the privilege of hand carrying by making too many trips or carrying items that are too heavy.

PLACING OF BOATS: Placing of boats and heavy equipment will be handled by management. Exhibitors must be present and ready to instruct our rigger where the boats are to be placed in the exhibitor's space. **ALL BOATS MUST BE SUBSTANTIALLY CRADLED AND ALL CHOCKS USED MUST BELONG TO THE EXHIBITOR.**

EXHIBITOR INFORMATION

ELECTRICITY: Regular ceiling lights of the building are adequate and are furnished free to exhibitors. 100 candles of light are provided at the exhibit floor level. For additional outlets and lighting, at exhibitors expense, all exhibitors are directed to contact the Boat Show Electrical Contractor.

UNION TRADES & DECORATING SERVICES: In all exhibit booths and where special carpentry and electrical work are required, arrangements for same must be made with the New York Marine Trades Association. Only qualified union tradesmen have jurisdiction over this work. It is therefore requested that all exhibits be prefabricated for maximum efficiency of installation and minimum cost. The exhibitor will prefabricate all construction in advance so there will be no need to paint, hammer, fasten or unfasten screws or bolts in the Coliseum, except by Union Trades. Crates and boxes etc., should be tied or taped shut, not screwed or nailed.

NO GRATUITIES: No tips or gratuities may be solicited, nor given. Any union tradesman soliciting tips will be fired from the job. Any exhibitor giving gratuities will be asked to leave the Show. **Be now advised: This policy will be firmly enforced.**

PARKING: Two parking permits per exhibit will be available at no cost to the exhibitor, compliments of the New York Marine Trades Association. There are no special parking areas for exhibitor vehicles during show time. Buses may drive up to main entry and exit passengers, prior to parking in a special bus parking area set aside for them by Coliseum management.

GUARD SERVICE: Exhibitors are required to guard their own exhibit at all times. Uniformed guards will be on duty during the show time period Feb. 9 - 12, 2012 each day. One guard will be on duty each night from closing until opening, **however, NO** responsibility is accepted for individual losses. It is recommended that exhibitors carry insurance to protect themselves against loss. Small objects of value should be secured in locked containers.
